1:12 NON-RENOUNCEABLE ENTITLEMENT ISSUE

The Directors are pleased to announce that they have resolved to undertake a 1:12 non-renounceable entitlement issue at 50c per share, to raise up to approximately A\$40 million.

The issue will not be underwritten; however Directors reserve the right to place any shortfall.

As previously reported, Deep Yellow Limited (DYL) is currently committed to spend approximately \$5 million per year on exploration, but given the Company's growing portfolio of tenements and commitments this expenditure rate is too low to meet its objectives of becoming a substantial uranium exploration and development company.

Furthermore, DYL's wholly owned Namibian subsidiary company Reptile Uranium Namibia which holds highly prospective tenements containing previously reported uranium resources and additional greenfields potential will be fully staffed by mid-June and the Company intends to increase its exploration activities by adding one or possibly two more RC drilling rigs. One of these rigs will be dedicated to JORC resource evaluation drilling of the uranium mineralisation outlined in the 1970s and early 1980s.

To achieve these increased exploration activities, exploration expenditure will be increased to approximately \$9 million this year and to \$15 million in 2008.

The attached Appendix 3B provides a summary of the proposed entitlement issue, further details will be released within seven days, with a prospectus expected to be lodged early June.

The Directors have indicated that they will be taking up their entitlements under this issue.

Dr Leon Pretorius
Executive Chairman
Deep Yellow Limited
