Adopted by the Board on 22 September 2022

GOVERNANCE FRAMEWORK

The Board of Deep Yellow Limited (DYL) has responsibility for corporate governance for the Company and its subsidiaries (the Group) and has implemented policies, procedures and systems of control with the intent of providing a strong framework and practical means for ensuring good governance outcomes which meet the expectations of all stakeholders.

This Statement sets out corporate governance practices adopted by the Board and which were in place during the financial year ending 30 June 2022.

The framework for corporate governance follows the 4th Edition of the principles set out by the ASX Corporate Governance Council.

Where the Board considers the Group is not of sufficient size or complexity to warrant adoption of all the recommendations set out in the ASX Corporate Governance Council's published guidelines or where the recommendation was not adopted for the entire year, these instances have been highlighted.

DYL undertook a comprehensive review of its governance policies and committee structures during a June 2022 strategy meeting and will continue to review its policies to ensure they reflect any changes within the Group, or to accepted principles and good practice. Key governance policies are available on the Company's website.

SHAREHOLDER COMMUNICATION

The Board is committed to ensuring that there is open and timely communication with all shareholders.

In addition, the website provides shareholders and others the opportunity to receive additional information such as press releases and other materials electronically. Shareholders are able to pose questions on the audit process directly to the independent auditor who attends the Annual General Meeting for that purpose.

Shareholders are advised of the communication options available to them in accordance with recent changes to the Corporations Act. They are encouraged to provide their email addresses in accordance with privacy guidelines to enable timely communication between the Company, the share registry and shareholders complying with Recommendation 6.5 of the Corporate Governance Council.

Continuous Disclosure Policies

The Board is committed to the promotion of investor confidence by providing full and timely information to all security holders and market participants about the Group's activities and to comply with the continuous disclosure requirements contained in the Corporations Act 2001 and the ASX Listing Rules. The Board has adopted a **Continuous Disclosure Policy**, complying with Recommendation 5.1 of the Corporate Governance Council and with the ASX Listing Rule Requirements.

A Disclosure Committee comprising the Managing Director/CEO; the Company Secretary and Executive Director has been established.

The Company Secretary ensures that all Board members receive copies of all market announcements promptly after they have been made complying with Recommendation 5.2 of the Corporate Governance Council.

In addition, each Director is required to disclose any actual or potential conflict of interest matters, which the Board deals with appropriately as they are raised.

BOARD OF DIRECTORS

Role of the Board of Directors

The Board guides and monitors the business and management of the Group on behalf of shareholders by whom they are elected and to whom they are accountable.

In order to fulfil this role, the Board is responsible for the overall corporate governance of the Group including formulating its strategic direction, setting remuneration and monitoring the performance of Directors and Executives. The Board relies on Executives to assist it in approving and monitoring expenditure, ensuring the integrity of internal controls and management information systems and monitoring financial and other reporting.

The Board has adopted a **Board Charter**, complying with Recommendation 1.1 of the Corporate Governance Council, which clarifies the respective roles of the Board and Executives and assists in decision making processes.

Board Processes

The Board agrees in advance a schedule of regular meetings for each calendar year, together with such other meetings as may be necessary. For the 2022 financial year, there were fifteen Board meetings held during the year, reflecting the consideration required in relation to the merger with Vimy Resources Limited.

A standardised agenda for the meetings has been adopted to ensure certain information is addressed consistently and other items which are relevant to reporting deadlines and or regular review are scheduled when and as appropriate. The agenda is reviewed and approved by the Chairman with the involvement of the Managing Director.

Evaluation of Senior Executive Performance

There is a small executive team in Australia and Namibia. The Managing Director meets with executive team members and undertakes an informal review of performance on an annual basis. An evaluation of the performance of the Group's Executives has been carried during the year in accordance with this process, complying with Recommendation 1.7 of the Corporate Governance Council.

Board Composition

The Constitution of the Company requires a minimum number of three Directors. There is no requirement for any shareholding qualification.

The membership of the Board, its activities and composition is subject to periodic review. The criteria for determining the identification and appointment of a suitable candidate for the Board includes the quality of the individual, background of experience and achievement, compatibility with other Board members, credibility within the scope of activities of the Group, intellectual ability to contribute to Board duties and responsibilities and consideration of the objectives of the Diversity Policy. In complying with recommendations of the Corporate Governance Council, the Board is mindful to ensure that it is comprised of individuals with skills to provide appropriate stewardship to the Group as it moves from an advanced stage explorer to a developer. The background of each Director is set out in the Directors' Report section of the Annual Report.

Skills and Experience

A skills matrix developed by the Board provides the basis for the ongoing review of Board composition. The skills matrix lists key skills for the organisation in its present stage. Skill sets currently on the Company's Board include technical, financial, managerial, corporate, and commercial.

Key skill sets identified as being appropriate by the Board include:

- mining and exploration;
- accounting/auditing and corporate finance;
- uranium industry knowledge;
- strategic planning;
- governance and risk management; and
- environmental and health and safety.

The Board is presently comprised of seven members, four Non-executive and three Executive:

Independence of Directors

In considering whether or not a Director is independent, the Board has regard to the independence criteria set out in the ASX Corporate Governance Council's Principles and Recommendations.

Directors are expected to bring independent views and judgement to the Board's deliberations. Three of the seven Directors are considered by the Board to be independent and, as such, the Company does not comply with Recommendation 2.4 of the Corporate Governance Council, which recommends that a majority of Board members should be independent. The Board are focused on addressing this as a priority.

As at the date of this report and at all times during the financial year, the Chairman was considered to be independent, and therefore the Group has complied with Recommendation 2.5 of the Corporate Governance Council.

Roles of Chairman and Chief Executive Officer

The roles of Chairman and Managing Director/Chief Executive Officer are exercised by separate individuals and, accordingly, the Group complies with Recommendation 2.5 of the Corporate Governance Council.

Role of the Company Secretary

The Company Secretary is appointed by, and accountable to, the Board, through the Chair on all matters to do with the proper functioning of the Board. The Company Secretary acts as secretary on all Committees of the Board.

Each Director is able to communicate directly with the Company Secretary on all matters relating to the functioning of the Board.

Nomination Committee

The full Board carried out the functions of a Nomination Committee during the year in respect of the selection and appointment process for Directors. Prior to the end of the financial year it reviewed and revised its committee structures and adopted a new charter for a **Nomination and Remuneration Committee** and now complies with Recommendation 2.1 of the Corporate Governance Council which recommends having a separate Nomination Committee.

Retirement, Re-election and Appointment of New Directors

The constitution of the Company notes that Directors cannot hold office for a period longer than three years without submitting themselves for re-election at the next AGM. One third of the Directors (other than the Managing Director) must retire by rotation at each AGM together with any new Directors appointed by the Board during the period since the last general meeting. Retiring Directors are eligible to stand for re-election.

The Company has a policy and procedure for the selection and (re)appointment of Directors. If the Board decides to appoint a new member either to complement the existing members or fill a vacancy, it goes through the process of identifying a wide base of potential candidates with appropriate skills and with a view to meeting the objectives of its Diversity Policy. This process would likely involve the appointment of an independent and experienced recruitment firm and would involve a rigorous process including Director interviews and discussions; site visits; and, if necessary, discussions with senior management. The Company also ensures that all appointments to the Board are appropriately referenced checked in addition to individual criminal and bankruptcy checks. It also ensures that all relevant information is provided to security holders for the purpose of deciding on whether or not to elect or re-elect Directors.

The Company has adopted a formal induction process. New Directors appointed to the Board are provided with a detailed appointment letter outlining the Company's expectations and setting out the requirements of the role as well as identifying director interests and potential conflicts; in addition they are afforded the opportunity to meeting the Chair and members of the Board and senior executive to provide Company background, strategy and financial position. They will receive written material incorporating financial, corporate and operating information in relation to the Company.

Evaluation of Board Performance

The Group has a formal process for the evaluation of the effectiveness, processes and structure of the Board and Committees, and as such complies with Recommendation 1.6 of the Corporate Governance Council.

The Board undertakes an annual formal review of its performance and the performance of its committees.

The process has taken place during the financial year and includes the completion of individual questionnaires focused on Board process, effectiveness and structure as well as the effectiveness and contribution made by each Director. The responses are collated and discussed with a view to considering recommendations for improvement and/or appropriate changes.

Education

All Executives and Directors are encouraged to attend professional education courses relevant to their roles.

Independent Professional Advice and Access to Information

Each Director has the right to access all relevant information in respect to the Group and to make appropriate enquiries of Executives.

Structure of Non-executive and Executive Directors' Remuneration

The objective of Group remuneration policies, processes and practices is to: attract and retain appropriately qualified and experienced Directors who will add value; result in competitive remuneration bench marked against peer groups; and adopt reward programmes which are fair and responsible, in accordance with the principles of good corporate governance and which align Director entitlements with shareholder objectives.

The Nomination and Remuneration Committee makes recommendations to the Board on the basis of individual performance, trends in comparative companies and the need for a balance between fixed remuneration and non-cash incentive remuneration.

Remuneration packages for Executive Directors comprise fixed remuneration and may include short term incentives in the form of cash bonuses or long-term incentives through equity plans as per individual contractual agreements. Remuneration packages are reviewed by the Remuneration Committee. The process consists of a review of Group, individual performance and relevant comparative remuneration externally and internally.

Non-executive Director remuneration is a fixed annual amount of Director fees, the total of which is within the amount approved by shareholders. Performance based cash bonuses or equity-based remuneration had previously not been considered appropriate for Non-executive Directors, however during the 2022 financial year and, in order to keep the cash component of Director fee payments to a minimum, Non-executive Directors were awarded zero exercise priced options to the value of \$25,000 each.

The Company distinguishes between the remuneration practices for its Non-executive Directors and the remuneration practices applicable to Executive Directors and these policies and practices are fully disclosed in the Remuneration Report of the Group's Annual Report. The Company therefore complies with Recommendation 8.2 of the Corporate Governance Council.

BOARD COMMITTEES

The Board has established several committees with separate charters which it relies on to assist with the proper discharge of its duties. The Chairman of the Board has included the committees in his evaluation of Board performance through the circulation and completion of specific questionnaires seeking comment on the effectiveness and structure of the committees. The Board has reviewed its committee structures as part of its annual strategic review carried out in June 2022 and is in the process of addressing committee composition.

Audit Committee (Audit and Risk as at 30 June 2022)

The Audit Committee composition changed during the year and consisted of three non-executive Directors for most of the year. The Audit Committee is comprised of a majority of independent directors and therefore complied with Recommendation 4.1 of the Corporate Governance Council.

The members of the Audit Committee during the year were Greg Meyerowitz (Chairman), Chris Salisbury, Mervyn Greene, Justin Reid and Rudolf Brunovs (former Chair). The relevant qualifications and details of attendance at Audit and Risk Committee meetings are set out in the Directors' Report of the Company's Annual Report.

The Audit Committee operated under a Charter which was reviewed in June 2022. The Board adopted changes to incorporate policies and practices from its Risk Committee Charter and adopted a new charter for an **Audit and Risk Committee**. The responsibilities of the Committee include evaluation of the adequacy and effectiveness of the Company's risk management framework; identifying material changes to the Company's risk profile and formulating actions and making recommendations to mitigate those risks identified together with the appointment, compensation and oversight of the independent auditor and the review of the published financial reports.

Remuneration Committee (Nomination and Remuneration as at 30 June 2022)

The Remuneration Committee was established to assist the Board by making recommendations on remuneration packages for Executive and Non-executive Directors, and where appropriate, senior managers. In addition, the Remuneration Committee reviews proposed long- and short-term incentive plans including the appropriate use of performance based hurdles.

The Remuneration Committee composition changed during the year and consisted of three non-executive Directors for the majority of the year. Members of the committee were Chris Salisbury (Chairperson), Greg Meyerowitz, Justin Reid and Mervyn Greene. The Remuneration Committee is chaired by an independent director and was comprised of a majority of Independent Directors and accordingly complied with Recommendation 8.1 of the Corporate Governance Council.

The Remuneration Committee operated under a Charter which was reviewed prior to the end of the financial year the Board adopted a number of changes to incorporate policies and practices from its existing Nomination Committee Charter and adopted a new charter for the **Nomination and Remuneration Committee**, which clearly sets out the role and responsibilities of the Committee.

Risk Committee (Amalgamated with the Audit Committee as at 30 June 2022)

The Board operated with a separate Risk Committee during the year which was comprised of a Non-executive Director as Chair and two Executive Directors. During June 2022 the Board resolved to amalgamate the Risk and Audit Committees and adopted a new Audit and Risk Committee Charter.

The Risk Committee had an independent Chairman and complied with Recommendation 7.1 of the Corporate Governance Council. The relevant qualifications and details of attendance at Risk Committee meetings held during the year are set out in the Directors' Report of the Company's Annual Report.

ETHICAL STANDARDS

The Board has adopted a Values Statement which articulates its aspirations strategic goals and sets out the guiding principles that define how the Company wishes to conduct itself in its relationships with the industry and the communities within which it operates. Therefore, the Group has complied with recommendation 3.1 of the Corporate Governance Council. The Values Statement is disclosed on the Company's website.

The Board actively promotes ethical and responsible decision making, aiming to maintain the highest standard of ethical behaviour in business and in all its dealings with customers, clients, shareholders, governments, suppliers, employees and the community. This Code sets expectations for conduct in accordance with legal requirements and agreed ethical standards.

In addition to the legal requirements and accepted practices which are addressed in each of the policies adopted by the Company and across the Group, the Board is mindful of its broader stakeholders including the community at large in all the geographical regions in which it operates.

The Company has established a Whistleblower Policy, with the purpose of encouraging all Directors, Officers, Employees, Consultants and Contractors to report instances where there is a breach of the Law, the Company's Code of Conduct or any other legal or ethical concerns and complies with Recommendation 3.3 of the Corporate Governance Council.

Diversity Policy

The Board has implemented a **Diversity Policy** in line with recommendation 1.5 of the Corporate Governance guidelines. The Group believes that the promotion of diversity on its Boards, in senior management and within the organisation generally is good practice and adds to the strength of the Group.

The Diversity Policy affirms existing employment arrangements which seek to attract and retain people by promoting an environment where employees are treated with fairness and respect and have equal access to opportunities as they arise. Diversity within the workforce includes such factors as religion, race, ethnicity, language, gender, disability and age.

Gender Diversity

The Board has established 'measurable objectives' for achieving gender diversity and to report against them on an annual basis. A number of objectives were put in place and the Board is continuing to review its practices with a focus on ensuring the selection process at all levels within the organisation is formal and transparent and that the workplace environment is open, fair and tolerant. Some of the measures to assess the success of the policy are set out below.

FINANCIAL REPORTING

Financial Reporting

The Board relies on Executives to monitor the internal controls. Financial performance is monitored on a regular basis by the Managing Director who reports to the Board at the scheduled Board Meetings.

Managing Director/Chief Executive Officer and Chief Financial Officer Confirmations

In accordance with Recommendation 4.2 of the Corporate Governance Council, Australian Accounting Standards and the Corporations Act the Board requires that the Managing Director and Chief Financial Officer provide a written statement in respect to all annual, interim and other statutory financial reports of the Group. In addition, the Board requires assurance from the Managing Director and Chief Financial Officer that the declaration is founded upon a sound system of risk management and internal controls, and that the system operates effectively in all material aspects.

SECURITIES DEALINGS

There is no requirement for Directors to hold Company securities.

Securities Trading Policy

The Board is committed to ensuring that all Directors and employees comply with their legal obligations as well as conducting their business in a transparent and ethical manner. All Directors and employees (including their immediate family or any entity for which they control investment decisions), must ensure that any trading in securities issued by the Company is undertaken within the framework set out in the **Securities Trading Policy**.

The Securities Trading Policy does not prevent Directors or employees (including their immediate family or any entity for which they control investment decisions) from participating in any share plan or share offers established or made by the Company. However, Directors or employees are prevented from trading in the securities once acquired if the individual is in possession of price sensitive information not generally available to all security holders.

Additional restrictions are placed on trading by Directors, Executives and other Key Management Personnel as determined by the Board from time to time ('Restricted Persons').

In addition to the overriding prohibition against dealing in the Company's securities when a person is in possession of inside information, Restricted Persons and their associated parties are at all times prohibited from dealing in the Company's securities during prescribed 'blackout' periods. The Company has nominated blackout periods to run from the end of the financial quarter up to the day after the release date of the quarterly report the Company may nominate additional periods where it is considering matters which might otherwise require disclosure to the market but for listing rule 3.1A. Restricted Persons must also obtain written consent from the Chairman or Managing Director prior to trading in the Company's securities.

The Securities Trading Policy also includes a clause prohibiting Directors and Executives and others to whom the policy applies from entering into transactions or arrangements which limit the economic risk of participating in unvested entitlements under any equity-based remuneration scheme.

RISK MANAGEMENT

Adoption of Risk Management Policies

The Board had appointed a separate committee to oversee risk. The relevant qualifications and details of attendance at Risk Committee meetings are set out in the Directors' Report of the Company's Annual Report.

The Risk Committee operated under a Risk Committee Charter, however the Committee was amalgamated with the Audit Committee to form the Audit and Risk Committee in June 2022. The responsibility for identifying and managing risks has been delegated to the Managing Director and the senior executive team.

The Group's Risk Strategy incorporating a Risk Framework and **Risk Management Policy** is reviewed bi-annually but has recently undergone a full and complete revision, anticipating completion of the Vimy Resources Limited merger. The Board is responsible for supervising the Risk Strategy which, together with management's framework and a number of specific policies, enable risk to be assessed and managed.

The Company's Risk Management Policy is disclosed on the Company's website.

The Company does not believe it is of a size that warrants an internal audit function, however the Board and Management maintain the required level of assurance through a sound system of internal controls which is monitored by senior executives and the Board.

Risk Management and Internal Control System

The Managing Director, with the assistance of senior management as required, has responsibility for identifying, assessing, treating and monitoring risks and reporting to the Risk Committee and the Board on risk management.

In order to implement the Risk Management Policy, it was considered important to establish a Risk Management Strategy and an internal control regime in order to:

- * assist the Group to achieve its strategic objectives;
- * ensure the accuracy and integrity of external reporting; and
- * safeguard the assets and interests of the Group and its stakeholders.

Risk Management Strategy

The Risk Management Strategy is designed to identify and assess possible sources of harm and to take steps to decrease or prevent that harm from occurring.

The Risk Management Strategy incorporates procedures and processes which provide evidence of a commitment to the management of risk by avoiding, sharing, transferring, reducing (mitigation) or accepting/retaining the risk.

To manage and assess risk, the Group has adopted and 'tailored to fit' a Risk Management Plan and a Risk Management Framework as outlined in the Australian Standard Guidelines for Risk Management AS ISO31000:2018.

Key risk traits are identified and managed using the following tools:

- * **Business Risk Management**
The Group manages its activities through financial budgets and operational and strategic plans.
- * **Internal Controls**
The Board has documented internal control processes appropriate for the Group's size and stage of development. It requires Executives to ensure the proper functioning of internal controls.
- * **Financial Reporting**
Directors approve an annual financial budget and regularly review performance against budget.
- * **Operational Review**
Executive Directors regularly visit exploration project areas to review the geological practices including the environmental and safety aspects of the operations.
- * **Environment and Safety**
The Board has adopted an Occupational Health and Safety Policy, Environmental Policy and Code of Conduct, through which all employees and contractors are inducted.

The Risk Management Policy requires that senior management report to the Managing Director as to the effectiveness of the risk management and internal control systems and that regular reports thereon be provided to the Board.

Continuous Improvement

The Risk Management Plan continues to evolve and will develop with the growth of the Group's activities in the following risk areas: Financial; Corporate; Legal; Management; Human Resources; Political; and Environmental/Social.

Economic, Environmental and Social Sustainability Risks

The Company is focused on the discovery and exploitation of uranium (U₃O₈) and operates in diverse physical environments in Namibia. As a result, there is potential for material exposure to economic, environmental and social sustainability risks.

The Company is exposed to economic risks of a type typical for an entity engaged in the mineral exploration industry. All business and economic risks are managed by the Managing Director with the support of the executive team and the Audit and Risk Committee where appropriate. The Company's financial budgeting, operational and strategic planning together with internal controls, appropriate for a company of its size, assist the Board and executive in monitoring exposure in this area.

The Company uses a **Supplier Code of Conduct** and third-party due diligence checklist to monitor its commercial relationships and has adopted an **Environmental Policy**, a **Human Rights Policy** and a **Community Relations Policy**, to assist with monitoring environmental and social sustainability risks. The Company is committed to respecting Human Rights throughout the countries in which it operates and to ensuring that sound environmental management and safety practices are carried out in its exploration activities. Significant resources have been focussed on establishing and maintaining a culture of best practice.

As a uranium explorer, additional responsibilities require the implementation of a Radiation Management Plan as part of the management of Occupational Health and Safety. The Group uses expert consultants to review its activities and to assist in maintaining a best practice approach to the issues surrounding Radiation Management.

The Company published its inaugural Sustainability Report on 25 September 2020. This was an important milestone and provided the opportunity to communicate the intent and the processes and frameworks the Company believes are important to properly embed ESG principles in the organisation. The follow-up report published on 8 December 2021 summarised the progress and emphasised the importance the Group attaches to growing the impact it has on the communities in which it operates. A Sustainability Report for the year ended 30 June 2022 will be published and available on the Company's website.

Anti-Bribery and Anti-Corruption

Bribery and corruption have a serious impact on the social, economic and political environment of many countries. The effects of bribery and corruption impact both individuals and businesses in the world's poorest countries. Deep Yellow is committed to the fight against bribery and corruption and expects all of its employees and representatives to comply with both the letter and spirit of the laws that govern Deep Yellow's operations in Australia and overseas.

The Company has adopted an **Anti-Bribery and Anti-Corruption Policy** in compliance with recommendation 3.4 of the Corporate Governance Council. The Policy provides an overview of requirements arising from Foreign Bribery Laws and the various laws prohibiting fraudulent and corrupt behaviour generally. This Policy together with the associated procedures provide a common-sense manual to enable Deep Yellow employees and representatives to understand and comply with their obligations under these laws.

The Company is committed to ensuring that its corporate culture, in all its offices and operations worldwide, discourages fraudulent and corrupt conduct. Notwithstanding laws to the contrary, the fact that bribery and corruption may be tolerated or encouraged in some of the countries in which Deep Yellow operates does not affect a commitment to best business practice.

The Company's Anti-bribery and Anti-Corruption Policy can be found on its website under Corporate Governance.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.
